

## SUBMITTAL: CROWLINE™ FIRE-FX2 VALVE & HOSE CABINETS - ALUMINUM

PG 1 OF 2

**Fire-Rated Crowline Cabinets Provide A Wide Selection of Door Styles, Glazing and Sizes. These Durable Cabinets are Designed to Industry Standards for Fire Department Valves, Fire Hose Rack Units and Extinguishers.**

**Door & Trim:** Clear anodized aluminum. 1-3/4" Trim on face and door. These flush cabinet doors are mounted in a 5/8" door stop, are attached by a continuous hinge and are equipped with zinc-plated handle and roller catch for all non-locking doors. Theft-deterrent SAF-T-LOK™ also available.

**Trim Style and Depth:** 1-3/4" face trim on frame and 1- 1/4" trim on door. Recessed - 3/8" flat trim. Semi-recessed - 1-1/4" Square Edge or 2-1/2" Rolled Edge. See separate submittal for trimless models. Rolled edge models are constructed of mechanically-joined extrusions. See photo at right.

2-1/2" Rolled Edge

**Tub:** The double tub is constructed of cold rolled steel with white powder-coat finish standard. Tub forms a flange to cover cut edges of wallboard material.

Fire-resistant material is sandwiched between the layers of steel. **Please note that dimensions for wall opening have changed in 2015. See Chart on pg 2.**

**Knockouts:** Knockouts are not provided on Fire-Rated Cabinets. Instructions for Knockouts in the field are provided and must be strictly adhered to, to maintain fire rating.

**Special Features:** Models 8025, 8026, 8027 & 8023 have a shelf 12" from the bottom of the cabinet and are designed to hold a fire extinguisher plus FD valve or other accessory. Those models can also be ordered without shelf to allow for lower mounting height of valve piping to meet NFPA10.

Fire-Rating: Fire-FX2™ cabinets are fabricated in accordance with the UL label for one and two hour combustible and non-combustible wall system building codes. The fire testing has met the requirement of ANSI/UL 1479 (ASTM -E814) and ULC/CAN S115-for membrane and penetration firestops. Installation instructions must be strictly adhered to in order to obtain the fire rating.

F - Full glass with pull handle  
G - Full glass with pull handle & Saf-T-Lok  
D - Horizontal duo panel with pull handle  
E - Horizontal duo panel with pull handle & Saf-T-Lok  
V - Vertical duo panel with pull handle  
W - Vertical duo panel with pull handle & Saf-T-Lok

S21 - Solid with pull handle  
L22 - Solid with pull handle & Saf-T-Lok  
B - Solid with pull, small view window and Saf-T-Lok  
A - Center duo panel with pull and Saf-T-Lok

### STEP 1: SELECT MODEL NUMBER, TRIM & QUANTITY (Refer to Chart on Page 2)

#### STEP 2: SELECT DOOR STYLE WITH HANDLE (Check one box below)
